Hello, my name is Carrie Kahler. I have an eight year old daughter Claire who is suffering from end stage cancer(neuroblastoma). A couple weeks ago Claire asked me if I could "find" miss Natalie for her.

I told Claire I would do my best but made no promises. Well, to be honest with all the chaos of Claire returning home from the hospital with hospice I forgot. Then last night Claire reminded me. I asked Claire why it was so important for me to find Natalie for her. Claire said, "mommy, miss Natalie deserves to know how much she helped me with her songs, she left fingerprints on my heart." After hearing that I was determined to do what I could to let Natalie know about Claire. Please know we are not asking anything from you or Natalie. Claire is going to be with Jesus very soon and nothing on this earth will change that. Claire just wanted to send an email to Natalie to tell her thank you for touching her life. If an email is not possible that is ok. I know you don't represent Natalie anymore but I was hoping you could pass this along to someone who may be able to help. Whoever ends up with this email please just pass along this message to Natalie for Claire. Thank you.
